

EnviroDesign Contest

Here is a chance to do something good for the indoor environment and win a prize that is good for the outdoor environment.

Contest Prize: 2009 Toyota Prius Hybrid (winner designs the car the way they want it). An eco friendly design it yourself prize for an eco friendly design

Contest Dates: January 1st, 2008 - December 31, 2008

Contest Design Criteria: Most creative use of custom colors (minimum 3 custom colors and 5000 sq. ft. total required). Judging to be conducted by independent designers (no AFS staff involved in judging)

How to participate:

1. First register at 4afs.com (this does not obligate you for anything). We simply want to know who you are and how to get you custom colors for your design project.
2. Once registered, begin using our custom design creator.

Contest Objective:

Generate use of the EnviroDesign product range and get designers using our site to design the color of the floor/chips they desire.

Contest Rules:

- *Requires use of EnviroDesign materials, 3 color minimum and 5000 sq.ft total minimum
- *Contest will be judged by other interior designers (not AFS or our reps/agents)
- *Design Criteria: Most creative use of colors
- *Designers have to fill in registration form and also submit a minimum of 3 project photos no later than 10-31-08
- *judges announce winner on 1-15-09
- *Winner gets a 2009 Toyota Hybrid
